physics market for almost 20 years.

Physics, 10th Edition brings on new co-authors: David Young and Shane Stadler (both out of LSU). The Cutnell offering now includes enhanced features and functionality.

Physics, 10th Edition | Wiley

Students often think of physics as a collection of equations that can be used to systematically solve problems without much thought. However, a solid problem-solving technique starts with a firm grasp of physics concepts and how they fit together to provide a coherent description of natural phenomena.
